

McD Marketing Ltd

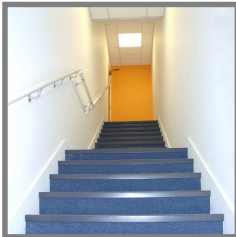

Site Location: Pitstone Business Park

Contract Value: £140,000

McD Marketing is the marketing organization for DuPont Corian® and DuPont Zodiaq®. McD Marketing required a new Head Office, Training and Storage Facility to serve their business for the next ten years.

Interior Options were awarded the full Design and Build Fit Out contract for the Offices, Warehouse and Storage Facility.

Key to the success of the project was sensitively utilizing DuPont's Corian® and Zodiaq® products within the fit out.

The project involved specialist partitioning, flooring, lighting, air conditioning, mezzanine floors, Amtico flooring, data-cabling, phone system, storage wall, plumbing, heating and furniture as well as design and project management services.

" The work that was carried out by Interior Options was done on time, with a great deal of consultation and co-operation. The quality of the workmanship, from the erection of the mezzanine floor, to the recommendations of the colour scheme, was excellent.

I would have no hesitation in recommending Interior Options to other companies who are in the process of a comprehensive interior fit-out.

So, on behalf of McD Marketing Ltd, the marketing organization responsible for DuPont Corian® and DuPont Zodiaq®, I would like to thank Interior Options for making the move to Pitstone as pleasant, and with minimum stress, as possible."

P. R McDowell, Managing Director
McD Marketing Ltd.
Corian® and Zodiaq® Marketing
