

Multilingual Technology

Site Location: Eaton House, Luton, Bedfordshire
Contract Value: £90,000

As part of their continued expansion plans and a recent business partnership agreement with the Xerox corporation, MTL signed a deal on new premises located in Luton, Bedfordshire.

Interior Options were appointed to undertake the total space planning, design and refurbishment of the offices.

The project involved utilising their existing furniture system and tailoring a corporate yet modern design scheme in line with the building finishes. Interior Options were also responsible for the physical relocation logistics.

"Team members were always available to discuss any issues, and they retained a personal commitment to the project right through to occupation. The project team is to be commended for their role in helping us achieve our aims"

Chris William's
Financial Controller for MTL
