

Sanctuary Housing Association

Site Location: Rotunda Building, Hertford

Contract Value: £110,000

This project incorporated the fit out for three floors of new head office accommodation against very tight timescales.

It was essential that the design was functional and cost effective as, Sanctuary Housing are a registered charity.

Interior Options had to demonstrate that value for money was going to be achieved whilst delivering a pleasant and 'warm environment' for both internal and external clients.

"I would like to pass on my thanks to the team, who looked after our interests and continuously kept in contact so that we were always aware of what was going on. Since this original fit-out, we have carried out several more projects with the same success"

John Toule
